Hi Yuna,

I would like to seek your approval for the special commission waiver request under the **[JPCB] P1 Program for the August–December 2025 cycles.**

Background & Business Objective:
As shared previously, this program is designed to accelerate new seller onboarding and ADO by offering a 3% commission discount (excluding PH and TH) to sellers acquired through our key JP acquisition partners (seller communities). These sellers have historically outperformed the general new seller base, with 2–3x higher ADO per GP.

Commission Waiver Details:
a) Date: 1st Aug – 31st Dec 2025 (5 months)
b) Commission discount %: 3% discount of the MP commission
c) Eligible shops: 952 shops (subject to updates)

KPI Targets :
- Expected ADO: 1,720 ADO by Dec 2025 (+198% vs June baseline)
- Expected ADGMV: 121K USD by Dec 2025 (+202% vs June baseline)
- Estimated Foregone Revenue: ~15K USD/month initially, rising to ~30K USD/month by Dec, as more sellers begin generating orders

To support the review, please find the attached P&L assessment table provided by CBBI. The table reflects the performance of the updated August cycle shop list.

	M-1 Actual Performance		End of Project target	Growth
	Special Request for Aug cycle	% Over Total CB	Special Request

ADO #	870	0.0%	1,720	197.7%
ADG $	$59,928	0.3%	121,052	202.0%
ABS $	68.88	901.1%	70.38	
P&L monitor				
MP Revenue	$228,656	0.2%	365,276	159.7%
PRM Cost	-$162,739	0.1%	-298,990	183.7%
PC2	$32,916	-0.8%	$5,497	16.7%
Take Rate%	13%	-	9.7%	
CIR%	-9%	-		
PC2%	2%	-	0.2%	
Est. Foregone Comms	$15,353	-	$28,621	186.4%

We believe this commission support will drive incremental topline growth and strengthen the strategic partnership channel.

Please kindly review and let me know if you have any questions.
